Projects

We are ZUMAR FOUNDATION

Zumar Foundation is a compliant and registered Non-Governmental organization working to alleviate poverty and improve the livelihoods of the communities in Uganda, Kenya and Somalia.

Zumar Foundation collaborates with communities, sponsors, donors, corporate organisations, and the Government to reach the most vulnerable People in East Africa because we believe every Human deserves life in all its fullness. Zumar Foundation serves all people, regardless of religion, race, ethnicity, or gender.

Our Mission

To use our skills and resources to empower the communities in order to alleviate poverty and promote access to safe water, education and healthcare services to all in our areas of jurisdiction.

Our Vission

To improve working towards Enhanced Livelihoods and better life in Uganda, Kenya and Somalia.

Our Presence

Zumar Foundation works in Uganda, Kenya and Somalia. Kampala is our headquarter and we have affiliate office in Kenya and Somalia.

Food Distribution

Supported SDGs

2 ZERO HUNGER

3 GOOD HEALTH AND WELL-BEING

We work to increase improving food security and Livelihoods for the vulnerable communities in Uganda, Kenya and Somalia. The program aims to:

- Increase reducing illness and death caused by famine
- Increase Improving the livelihood of the local community by distributing relief food package
- Increase providing to the children enough protein

In 2022-2023, we supported household food availability by food package, Ramadan Interventions and Qurbani meat distributions with enough proteins that supported households to improve infant feeding.

Highlights

3,040 Ramadan and Relief Food Packages were distributed to the needy people in all our areas of jurisdiction.

279,703 Qurbani meat packages were distributed during the year 2023

281,743 Households are helped from these interventions.

560,790 Children are benefited these projects

2,902,138 Individual beneficiaries

Education

4 QUALITY EDUCATION

Supported SDGs

Zumar Foundation provided learning materials including, textbooks, teacher guides, and recreational materials: All the 1,500 enrolled students received learning kits and 55 teachers also received teacher guide packages.

The main purposes of this project were:

- Increasing access to education for vulnerable children in our areas jurisdiction in Somalia
- supplying learning materials kits and teachers package guide respectively to the vulnerable students and their teachers to make learning, materials available to encourage and promote the value of education.

Water Projects

Supported SDGs

6 CLEAN WATER AND SANITATION

7 AFFORDABLE AND CLEAN ENERGY

11 SUSTAINABLE CITIES AND COMMUNITIES

At Zumar Foundation, we strove to give Needy communities safe access to clean water.

Highlights

- We refurbished broken water systems; constructed handpump water wells and developed Artesian boreholes powered by solar system.
- To ensure the long-term sustainability of Water facilities, we trained 125 Water Management Committees to maintain and repair water points.

356,214

Partnerships

As Zumar Foundation aspires to deepen its impact, partnering is core to our work. We seek to collaborate and advocate for broader impact. With short times' experience working in Ugandan, Somalia and Kenya communities, we have built strong partnerships with local government authorities, corporates and organizations, partner NGOs, and the communities in which we work.

Zumar Foundation wishes to acknowledge and express appreciation to our partners listed below for their continued commitment to improve the lives of most vulnerable communities in our area of jurisdiction in East Africa.
